MIRROR, ALTA., FEBRUARY 29, 1912.

5 CENTS PER COPY.

BUFFALO LAKE NEWS

Richard Barrett went to Edmonton Monday on business.

J. H. Sorum was a Mirror visitor Monday.

The Peterson auction sale was well attended.

Mrs. T. W. Barrett entertained a few friends Thursday evening.

Miss Pearl Sorum is the guest of her friend, Miss Ethel Hoffman, of Tees, this week.

Clyde Slinger was a caller at Lake View Ranch on Sunday.

School in Ripley opened again on Monday, after the long illness of the teacher, Miss Graham.

A number from this locality will attend the Merry Minstrel show in Mirror on Friday, Mar. 15.

Stanley Roper returned to his home in Nova Scotia on Monday, on account of the illness of his father.

Mrs. J. H. Sorum and daughter, Miss Pearl, visited Mirror on Monday of this week.

Mr. Ripley moved the buildings he purchased from Col. Myratt, on Thursday, to his

homestead, known as the Tom Carr place.

Rosa Estell was a visitor at Nevis on Saturday.

South Buffalo Lake, Feb. 29.

GREAT AREA TO BE OPENED

The Grand Trunk will open twenty-seven thousand homesteads west of Edmonton this coming year and almost as many more east. Steadily all the fall and winter, the company has been proceeding with the work of laying steel westward. Throughout the reaches of new territory opened up by the company, some of the richest homestead land in the west has been tapped.

The expected branch line into the Peace River country, through Grand Prairie, will open over fifteen thousand homesteads. This is north of Edmonton, and the first territory in the Peace River to be tapped by a railway line.

Another branch will run south-west to Biggar, and it is expected that this territory will open up five thousand or more homesteads. As this is some of the richest land of the whole Canadian west, and as it is near both coal and timber, it is expected that it will fill up very rapidly.

The estimate of fifty thousand homesteads to be opened on the G. T. P. is regarded by men in a position to know, as conservative. This is work done by the Grand Trunk. Besides, other railroads will open up territory in like proportion.

The estimate of fifty thousand homesteads to be opened on the G. T. P. is regarded by men in a position to know, as conservative. This is work done by the Grand Trunk. Besides, other railroads will open up territory in like proportion.

MINSTREL SHOW

The concert to be given by the Merry Mirror Minstrels is announced to take place on Friday, March 15, in Johnson's pool room, Mirror. A stage will be erected at one end of the hall and seating accommodation arranged to hold a big crowd.

The program will consist of songs, jokes, speeches, duets, quartettes and step dancing. A boxing contest between two local celebrities will be one of the attractions, and a lunch every minute is guaranteed during the whole performance.

AROUND TOWN AND DISTRICT

Carnival on Saturday night, Mar. 9. Last of the season.

Mr. Shanks, manager Union bank, Bashaw, was in town on Thursday.

Evan K. Olson of Beaumont, Wash., paid a short visit to Mirror last week, and it is his intention to return in a month and start in business. Mr. Olson has sold out his interests in the States and will make this town his home.

Board of Trade meets on Tuesday, Mar. 5. at THE JOURNAL office.

E. K. and Mrs. Johnson are away for several days; Mr. Johnson making a business trip to Dayland, and Mrs. Johnson visiting her parents at Doreland.

On Monday, Mar. 18, a St. Patrick dance will be given in Lamerton under the auspices of the Royal Neighbors of America.

H. W. Williams left on Sunday for a business trip to Calgary.

The Methodist parsonage has been moved from Lamerton to the rear of the church in Mirror, and Rev. McIntosh will make this town his home in future.

The trustees of the Methodist church are going ahead with the work of altering the interior and exterior of the church. New siding will be put on the interior, papered and other improvements made.

Fred. Dowsell has a four roomed house for sale.

On Friday last week, J. C. Parker received the sad news of the sudden death of his father in Toronto, at the age of 64 years and 11 months. The deceased had resided for two years on his homestead near Vance, Sask., and accompanied by Mrs. Parker went East in the fall to spend the winter months. The news of his unexpected demise was a shock, and Mr. Parker has the sympathy of many friends in this locality.

Miss Effie Jamieson has gone to Bashaw to reside.

Philip Neis reports the sale of a large quantity of his seed grain, as advertised in THE JOURNAL; a party from Carleton bought over 75 bushels of barley. Mr. Neis is well pleased with the returns from his advertising and says its worth the money many times over.

Mr. and Mrs. Braemer, of Bashaw, were visitors in Mirror today (Thursday).

Jim Kadlec made a trip to Camrose Wednesday on a special mission.

The Lamerton Lodge of American Yeomen, are holding a dance in the Woodmen Hall, Lamerton, on Monday evening, Mar. 4. Every body come and have another dance in good old Lamerton. Tickets, \$1.00.

A birthday dinner was given at the home of Mrs. Beaman, on Sunday, in honor of Miss Annie Johnson. The guests were: Arlie Kadlec, Harry and Lewis Williams, Mona Williams, Alton Jewel, Leonard and Dan Clark, and Norman Rae. The little folk enjoyed themselves immensely.

Ephraim Brecker, of Elkhira, Ont., was in Mirror today (Thursday). Mr. Brecker is on a trip through the West looking for farm lands and is favorably impressed with this section of the province.

W. H. Winney, of Lansford, N. D., was a visitor in Mirror on Thursday, getting a line on the prospects of the town and looking over some property that he has purchased here. He was well pleased with the outlook and is confident that this will be one of the best towns in the country for springing up throughout the West.

J. H. Lyall, who has been in the Bank of Commerce here for some time has been transferred to Edmonton, and W. R. Rand, of the South Calgary branch, has taken his place at the teller's window.

A concert was given at the Lamerton school house last Friday afternoon.

Five trains loaded with rail road ties, when they were unloaded in the yards at Mirror.

The fancy dress carnival last Saturday night on Mirror rink was attended by a good crowd and the costumes were better than usual. The winners were: Miss Simpson, as Scotch girl; A. G. Suggett, the Count of Monte Christo; Miss Hyla Simpson, Indian girl; C. A. Wilson, Hobo; Messrs. Tate, Johnson and Tulloch were the judges. In the 1 mile free-for-all, Bert Tulloch took first place; Miss Simpson and Mr. Suggett won the couple race; and Ross Steele won the boys' race.

ALIX WINS RETURN GAME

Last Friday was evidently the "Joanah day" of the Mirror hockey team, when they took the annual end of a 10 to 2 score in a return game of hockey played at Alix. It was the 23rd day of the month and a Friday, and anyone at all superstitious would probably blame this combination for the downfall. One of the chief causes for defeat, however, was the style of rink, on which the game was played. A 10 inch board enclosed sheet of mixed snow and ice, and the visiting team were placed at a disadvantage to start with, being accustomed to a hard and good ice. Every member of the team certainly showed reverses of form, compared with the game played in Mirror several weeks ago, when the game ended 12 to 7 in favor of the home team. Not one man on the team played his usual game. Mirror expected to play seven men to a side, but when the teams lined up for action, Alix could only muster six players and the visitors dropped a man to even up. The re-arranging of players did not help the Mirrorites very much and the team U.T. on right hip, and H.H. on right shoulder. Dated this day of February, 1912.

home team were checked hard and failed to get a counter. Score 5 to 2.

The last twenty minutes was full of excitement from start to finish. Mirror making a last effort to pull up on Alix and save off defeat. Heavy body checking was the rule, and the referees had to warn several players on both teams for cross-checking and tripping. Steele was knocked unconscious and was forced to retire for the balance of the game. Stevenson taking his place. In a scrimmage Suggett had a finger broken, and a few minutes later Mason busted a skate, and the rest of the game was played with five men to a side. Alix notched five more goals in the last period. Score 10 to 2.

LOOK ON THE BRIGHT SIDE

The ability of always seeing the bright side or shining up the dark one is a blessing to the person who possesses the power, as well as to those with whom he has to do. It changes our daily struggle in the performance of duty into playing the joyful game of life. Instead of the home being a place of grumbling and growling it becomes a place of laughter and song. Wrinkles will not come so soon upon your fair countenance. To live daily with sunshine flowing from the heart is a trick that may be learned by everyone with a little patience, determination and daily practice.

G. T. P. BUILDING PROGRESS

Reports received at 126 Grand Trunk Pacific headquarters regarding track laying on the new line in Western Canada up to December 19th shows progress made. On the main line the end of track has now reached 1072.6 miles west of Winnipeg, or 28 miles west of British Columbia boundaries. On the Alberta Coal Branch, which is being built from Bickerville into the Brazeau Coal Fields, the track has reached 30 miles south of Bickerville. On Tofield-Calgary Branch the steel has been laid 105.3 miles south of Tofield. On the Young-Prince Albert Branch the end of the track is at mile 67.3 north of Young. On the Moose Jaw branch between Regina and Moose Jaw track has been laid 1.1 miles west of Regina. Track laying is still progressing actively on the Alberta Coal Branch. On the Mountain Division steel has been laid to the mouth of Tunnel at mile 104 east of Prince Rupert.

SEED GRAIN DISTRIBUTION

In order to make use of seed grain available in frosted districts and to provide seed to the homesteader at lowest cost, distribution will be made as follows wherever practicable:

Every homesteader requiring seed grain must make application to Mr. J. Bruce Walker, Commissioner of Immigration, Winnipeg, stating the kind and amount required. If seed grain of the kind the homesteader requires, of desirable quality, can be purchased in his neighborhood, the man who has the grain for sale will be supplied with a list of the orders he is to fill together with a lien form. The homesteader applying in that neighborhood will call on the man who owns the grain, present a duplicate order from Mr. Walker, sign the lien and get the grain. The seller will then send the signed lien duly executed and witnessed to Mr. Walker, whereupon he will re-

ceive his cheque for the amount covered by the lien. It will be readily seen that in order to avoid delay and disappointment it is very important that the papers be absolutely correct in every detail.

Farmers and grain dealers having seed grain for sale and homesteaders, who intend to apply for Government seed should write Mr. Walker at once in order that the work may be completed before seeding time.

CATTLE RAISING

The best authorities are of the opinion that the Western Canada live stock trade never had a better opportunity of development than today. Not only could more cattle, but better cattle, be raised under the new era in the West. Some years ago the inducement to grow more and better cattle, was that they could be produced cheaply. There were more large ranches on the open prairies than now. There was abundant opportunity for winter pasture. But then the price of cattle was low and destined to fall until it was proportionate to the low cost of production.

Since that time great changes have taken place. There is no longer a great, wide-open range country, where cattle could be fed to the feeding stage, and sometimes to the market stage, on grass and hay alone. Hay was not considered in the early years of the ranching period and only phenomenal losses forced ranchmen to provide winter feeding. The range has been broken up by settlers. When the settlers come ranches go. One after another the ranches are being broken up; and this breaking up process will continue until there is not a great cattle outfit left.

For the last few years the ranches have been emptying themselves on the market; so that the supply of cattle in the markets is no longer a clear indication of the cattle in the country. The price of young cattle went up in leaps and bounds when the ranges were filling up. We are now having the reverse process. Hence there is a better prospect for the grain belt farmer in this business of feeding more and better beef cattle.

WISE AND OTHERWISE

A medical man says that everyone should eat five apples a day. This will scarcely seem enough to the average small boy.

A dinner given in Washington the other night is said to have cost \$800 a plate. All the guests must have had a second helping of butter.

Doctors say someday surgeons will be stopping the heart to perform operations. Some of them do so now, and don't know how to start it again.

Hope maketh the bill collector call again.

A woman has been appointed poultry commissioner in Kansas, and the men who applied for the position feel that they are living in a hen-picked age.

A fisherman in Florida was killed by the bite of a catfish. Are the denizens of the deep at last turning and making a stand against their ancient enemies?

A reformed gambler told a New York reporter the other day that human beings taste like pork. There are some, indeed, in whose resemblance to the hog is very striking before they are baked.

Word comes from San Francisco that a preacher had ten pairs of trousers stolen. Dear, dear! Looking at our two pairs we wonder why we did not enter the ministry.

DEATH BY FALLING.

Pain and Fear Seem to Have No Place
In the Ordeal.

It is difficult to imagine a more horrible accident than falling with a person in the grip of a paralytic condition of mind. He witnessed the fall of a man—a fall which seemed a number of seconds, as the stricken sufferer and to him like a place of paper before the first dawn. On recovering consciousness after several days little remembered only the scene. "Everything between that and his awakening in the hospital was a blank."

Mountain climbers have had similar experiences. A French geologist who fell over a precipice attests that he swooned and never knew what happened. Whymper, on the other hand, remained fully conscious when he fell on the Matterhorn. Bouncing from rock to rock, he calculated the intervals between the shocks, wondered how long he could stand it, felt no pain and came to the conclusion that death through a fall must be one of the least disagreeable ways of ending one's life. A boy of eight who fell twenty-two yards declared that his only thought was that he might lose his new pocketknife.

At a meeting of the Swiss Alpine club the geologist Heim described his feelings during a fall. His first thought was that now he would be unable to deliver the address he had promised; then he thought of the effect on his family of the news of his death. He wanted to take off his spectacles to save his eyes from being damaged by broken glass. Various scenes from his past life flitted across his consciousness in rapid succession. There was no fear, no pain, but rather an agreeable state of mind, like that which is brought on by soft music.

RADIUM RAYS.

Their Velocity the Highest Known
Speed of Matter in Motion.

The earth travels in its orbit round the sun sixteen miles a second. The sun itself, like all the other stars, has its own proper motion through space. Some authorities have estimated its speed at twelve miles a second. A few stars move more slowly than this, others much more rapidly. Various estimates of the speed of not less than 100 miles a second, and the star called "Deneb" travels 150 miles in the same brief time. But the speeds of the heavenly bodies of the finest known particles of matter. The sun would seem to stand still could we compare its velocity with that of the radium rays. These radiations are produced by successive explosions of tiny groups of the tiny atoms of radium. The "alpha rays" being themselves infinitesimal fragments of matter, are thrown out with a velocity of perhaps 12,000 miles a second. The "beta rays" travel still faster.

In the emanations of this wonderful radium we find the highest known speed of matter in motion. At 12,000 miles a second it would take little more than two seconds for a particle of matter to travel all the way round the earth. Look at your watch and note the duration of two seconds; then imagine that in a chariot drawn by "alpha rays" you have been round the world. There is hardly time in two seconds for you to think the journey. The highest measured speed, however, is not the speed of matter, but the speed of that ethereal vibration which we call light. And light travels at the rate of 186,000 miles a second—Youth's Companion.

"The Thunderer."
It was the mad fling of an earlier mode of travel that the motorists that gave the London Times its nickname of "The Thunderer." Two ladies at Lew had been spitted by an unwary horseman passing them too closely, and the Times came out with a strong leader alleging the offender to have been the Duke of Cumberland. In due course it was found that the horseman was not the duke, and in a further article by way of apology the Times used the words "We thundered out" as an expression that so tickled the public that the name of "Thunderer" was bestowed on the paper forthwith.

A Notable Status.
In the beautiful city of Buenos Aires is perhaps the only statue in the world erected by white men to a negro. This is the statue of Bamba, a negro soldier who refused to haul down the Argentine flag at the bidding of the Spanish soldier during the first Argentine revolution and was shot down by the Spaniards.

The Last Word.
"What's the first word in the dictionary?" asked the student.
"The article 'a,' of course," replied Mr. Ditcher.
"And what's the last word?"
"Ask my wife. She's an expert on the subject."—Washington Star.

His Chief Anxiety.
Defendant's Wife—"Don't worry, dear. The judge's charge was certainly in your favor. Defendant (modestly)—I know that. It's the lawyer's charge that I'm thinking about.—Boston Transcript.

No life is so strong and complete but it yearns for the smile of a friend—Wallace Bruce.
